

3M™ Comfort Fit Gloves

Your hands are everything. Protect them with quality you can trust.
Nitrile palm coated for use in even slippery and wet conditions.

General Use Gloves

The nylon stretch liner gives you a breathable, 'second skin' fit and makes these gloves perfect for light- to medium-duty jobs that require precision handling, especially in hot and sweaty conditions. The gloves are washable and feature a knit wrist cuff style.

Typical Applications

- ▶ General material handling
- ▶ Handling small items
- ▶ Electrical component assembly
- ▶ Carpentry, plumbing, roofing

Cut Resistant Gloves

These medium-duty gloves have even greater cut, puncture and tear resistance. They are excellent for jobs requiring dexterity when handling sharp items. The ANSI Cut Level 3, EN388 Cut Level 5 gloves are nitrile foam coated and washable. They feature a knit wrist cuff style.

Typical Applications

- ▶ Handling abrasive or sharp materials
- ▶ Forming, bending or machining sharp items
- ▶ Cable pulling and wire handling
- ▶ Cable preparation
