

SAVES OVER
90% WATER

DrenchedWare Wudu Tap

Product code
DR050

BENEFITS

The most effective way to minimise waste water during ablutions...

DrenchedWare have developed a specialist tap for Masjid's that allows the performing Wudu to benefit from Drenched patented volumising technology.

Those performing Wudu with the DrenchedWare tap will find it both functional and highly refreshing whilst the patented volumiser technology incorporated within makes it the most efficient Wudu / ablutions tap to be found anywhere on the planet.

Our Wudu tap embraces the true meaning of conservation being fitted with a 0.75L/pm Volumiser, saving over 90% water and 100% energy, being connected to the coldwater supply only.

Volumisation raises the temperature of cold water, gently warming for a pleasant and energy cost saving experience.

- Saves 90% of Water
- Saves Energy
- Saves Money
