

Product Code:

AEV40PME

Product Range:

E.V. CONSUMER UNITS

Issue Date:

07/01/2021

Description:

Distribution board for electric vehicle charging points

Features:

- Supplied with 1 x 40 A 30 mA Type A RCBO, 6 A MCB, 40 A 4 pole contactor and voltage detection switching device along with full complement of earth and neutral terminals, marking labels & instructions
- Automatic disconnection of phase, neutral and earth conductors in the event of supply over / under voltage with re-connection once voltage re-stabilises.
- Available with preset or adjustable voltage cut out levels.
- Amendment 3 compliant.
- Non-combustible enclosure.

Technical:

Standard	BSEN61439-3
Current Rating	40 A
Voltage Rating	230 V
Material	Steel
Colour	Matt White
IP Rating	IP4XC
Cable Entry	Selection Of Knockouts/ Cutouts
No. of Modules	8
No. of Outgoing Ways	1
Short Circuit Rating	16kA
Terminal Capacity (In)	50 mm ²
Incomer Device	40A RCBO

Dimensions:

Cat. No.	H (mm)	W (mm)	D (mm)
AEV40PME	256	273	120
